March 2012.

Dear Kevin,

I hope that you enjoyed Monday and thank you for teaching us all about medieval times. It made me feel like I was in the Middle Ages. My favourite thing was the head of King Henry V. I also liked watching archery. I prefer the long bow instead of the cross bow because the long bow was quicker to re-load. Every single thing was brilliant especially when Ben was wearing the chain-mail and poked him with the sword it was the best thing ever. I would definitely not like to be in the Middle Ages. I was sad when it was over but I really enjoyed it. Thank you so much.

Your really funny.
